leplex.it

In a constantly evolving financial landscape, we are committed to delivering legal advice of the highest standard, combining academic rigor, practical experience, and a deep understanding of market dynamics.

Our mission is to guide clients through complex regulatory frameworks, *transforming challenges into opportunities for growth and success.*

OUR STORY

Founded in 2018 in Rome by **Professor Raffaele Lener**, *Lener & Partners* was established to provide highly specialized legal services in corporate law and financial services regulation.

Thanks to a team of experienced professionals, the firm quickly built a strong reputation by advising banks, asset management companies, investment firms, and insurance companies, both in Italy and abroad.

The synergy between solid academic background and hands-on expertise enables us to address even the most complex legal matters with innovation and precision.

MISSION

To offer highly specialized legal advice in the field of financial services, supporting clients in navigating complex regulatory environments and contributing to their success through tailored, innovative solutions.

VISION

To become a trusted point of reference in the Italian and European legal landscape for matters concerning financial regulation, recognized for our professional excellence and client-oriented approach.

PRACTICE AREAS

Lener & Partners provides a comprehensive range of legal services, with a particular focus on the financial services sector.

We assist both national and international clients in managing regulatory complexity and achieving their strategic objectives through specialized legal advice in the following areas.

CORPORATE AND COMMERCIAL LAW

Support in extraordinary transactions,
mergers and acquisitions, corporate governance,
and commercial contracts.

FINANCIAL SERVICES REGULATION

Advisory services to banks, asset management companies, investment firms, and other financial intermediaries on regulatory compliance, licensing, and relations with supervisory authorities.

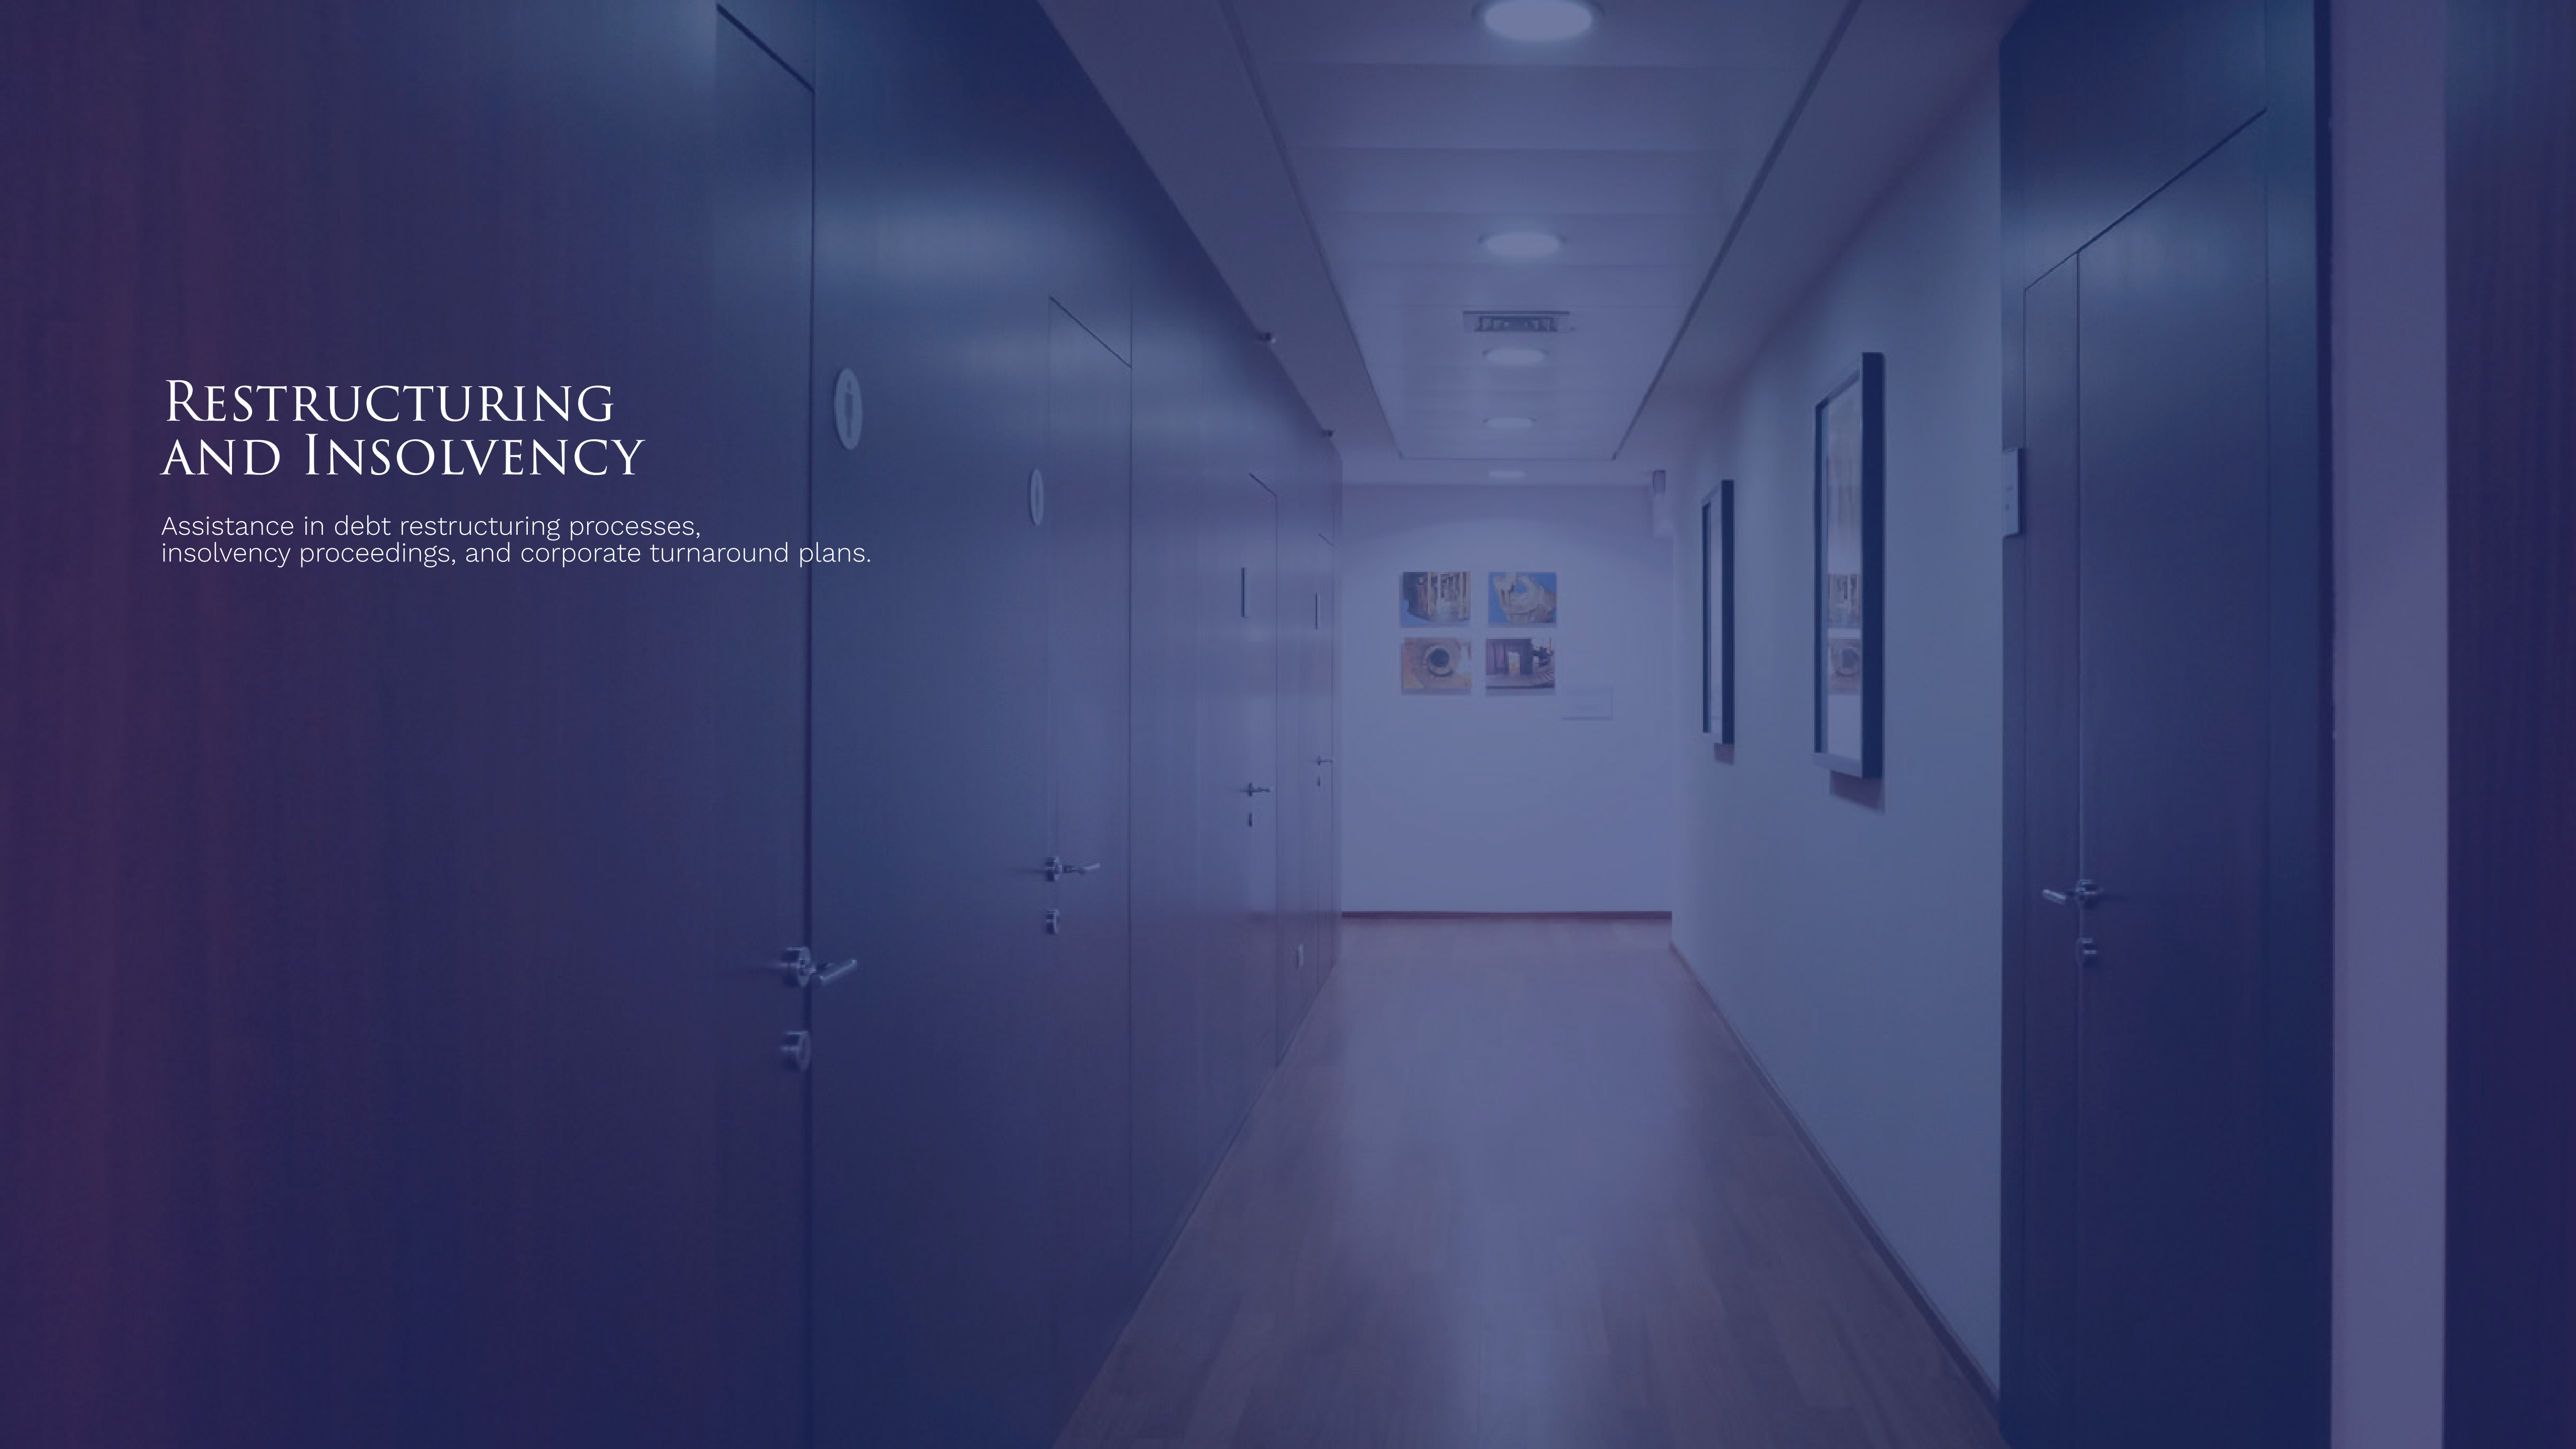

LITIGATION AND ARBITRATION

Representation in judicial and arbitral proceedings, with a focus on banking, financial, and corporate disputes.

RESTRUCTURING AND INSOLVENCY

Assistance in debt restructuring processes,
insolvency proceedings, and corporate turnaround plans.

The background image is a dimly lit room, likely a library or a study. On the left, there is a tall, dark wooden bookshelf filled with numerous books. In the center, a large window with white frames looks out onto a building with a tiled roof and a statue on a balcony. In the foreground, a wooden table and a chair are partially visible. The overall atmosphere is quiet and scholarly.

FINTECH AND TECHNOLOGICAL INNOVATION

Legal counsel on matters relating to cryptocurrencies, blockchain, smart contracts, and other legal aspects of innovation in the financial sector.

“The strength of the Firm is in the people who represent it.”
